Tejas Bhoite

+91 8010665294 | tejasbhoite20@gmail.com | LinkedIn | GitHub |MyPortfolio|GeeksForGeeks|Kodoli, Kolhapur|

TECHNICAL SKILLS

Programming Languages: C, C++, C#, JavaScript, Java, HTML, CSS
Web Development: React.js, Node.js, npm, Express.js, Tailwind
Databases: MySQL, MongoDB
Libraries: JWT, bcrypt, Mongoose
Tools: Git, GitHub, Postman, VS Code
Concepts: Object-Oriented Programming (OOP), RESTful APIs

EXPERIENCE

Software Developer Intern | 5TechG Lab LLP, Sangali   December 2024 - May 2025

- Built responsive and interactive user interfaces using **React.js** and **React Router**, improving navigation flow and user experience across multiple projects.
- Developed **dynamic UI components**, implemented **real-time data updates**, and used **advanced table formatting** to enhance app usability and maintainability.
- Integrated **Redux** for scalable state management, reducing state-related issues and redundant API calls by **40%**
- Collaborated closely with designers and backend developers to build frontend features like **tax invoice generation UI** and triggered workflows via **Mailchimp** integrations.

EDUCATION

Rajarambapu Institute of Technology   Urun-Islampur
Bachelor of Technology in Computer Science | CGPA - 7.72/10   Passout June 2025

Kodoli Highschool and junior college kodoli   Kodoli, Kolhapur
Higher Secondary Education (HSC) | Percentage - 88.17%   May 2021

RELEVANT PROJECTS

Food Cart App | *React.js, Redux, Tailwind CSS, JWT, REST API*
- Built a responsive food delivery UI with reusable **React.js** components, improving code reusability by 35%.
- Implemented secure authentication flows with JWT and developed interactive login/registration forms.
- Used **Redux** for efficient state management, reducing redundant API calls by **40%** and improving UI responsiveness.
- Collaborated with backend APIs and deployed the frontend on **Vercel**, maintaining seamless performance across devices.

Travel journal | *React.js, Redux, Tailwind CSS, REST API*

- Developed a **timeline-based UI** using React.js to display travel stories chronologically, improving content readability and user engagement.
- Designed interactive components and responsive layouts with **Tailwind CSS**, ensuring optimal display across devices.
- Integrated **full-text search**, **date filters**, and **favorites** functionality, enhancing data retrieval speed by **40%**.
- Collaborated with backend APIs to manage journal entries, and continuously optimized UI performance as part of ongoing feature development

The AI Personal Desktop Assistant | *React.js, Python, MongoDB, Flask*

- Built the **React.js** frontend for an AI-based assistant with an interactive UI for voice commands and reminders
- Integrated Flask backend with MongoDB to manage user tasks, schedules, and preferences.
- Collaborated in a 4-member team, handling component structure and **Git** version control.

CERTIFICATE

- **The Complete 2024 Web Developer Certification:** Comprehensive training in HTML5, CSS, JavaScript, React.js, Node.js, and backend development
- **DBMS and SQL Certification:** Mastery of database management, SQL queries, and relational database design.
- **Programming in Java Certification:** Advanced proficiency in Java, including object-oriented programming (OOP), data structures, algorithms, and design patterns.

EXTRACURRICULAR ACTIVITIES

- **Playing Tabla:-** Demonstrates creativity, discipline, and focus
- **Exploring New Environments:** Enhances adaptability, cultural awareness, and problem-solving skills
- **Learning New Technologies**: I am passionate about staying updated with the latest tech trends
